About Me

Hello everyone, and thank you for taking the time to leasing my presentation. Before I begin the presentation, let me tell you about myself.

Key	Value
Name	Saidul Islam Badhon
Class Roll	Comt-200534
Board Roll	566306
Reg. No.	1502135678
Department	Computer Technology
Semester	5th
Section	B
Batch	5th

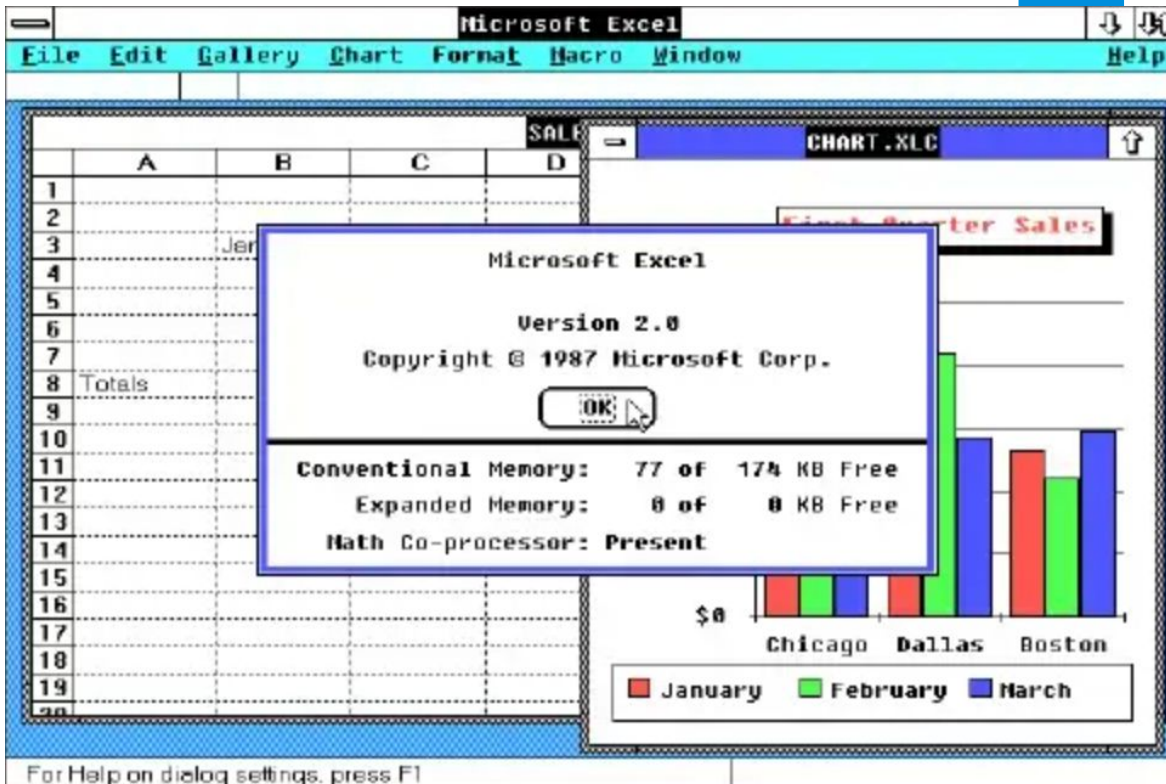

Windows 1.x

- Pure operating environment
- Used GUI (Graphical User Interface)
- Simple graphics

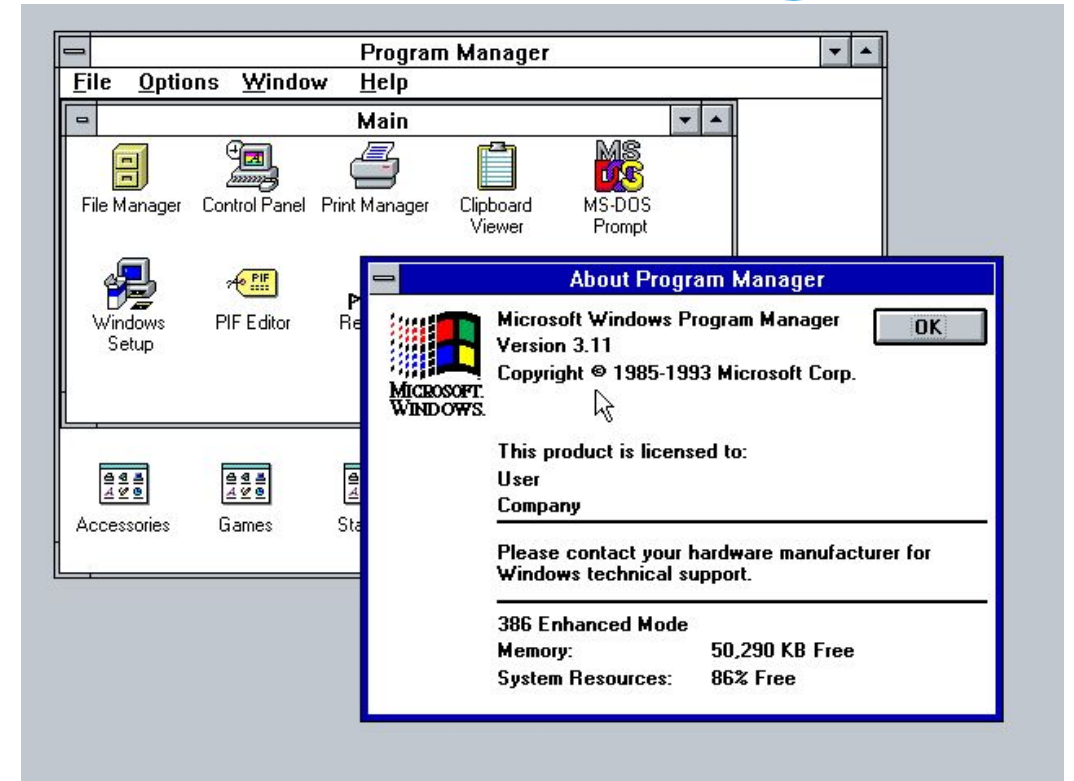

Windows 2.x

- 16-bit Microsoft Windows GUI-based operating environment
- Faster than 1.x
- Introduced the control panel
- Introduced first version on excel and word

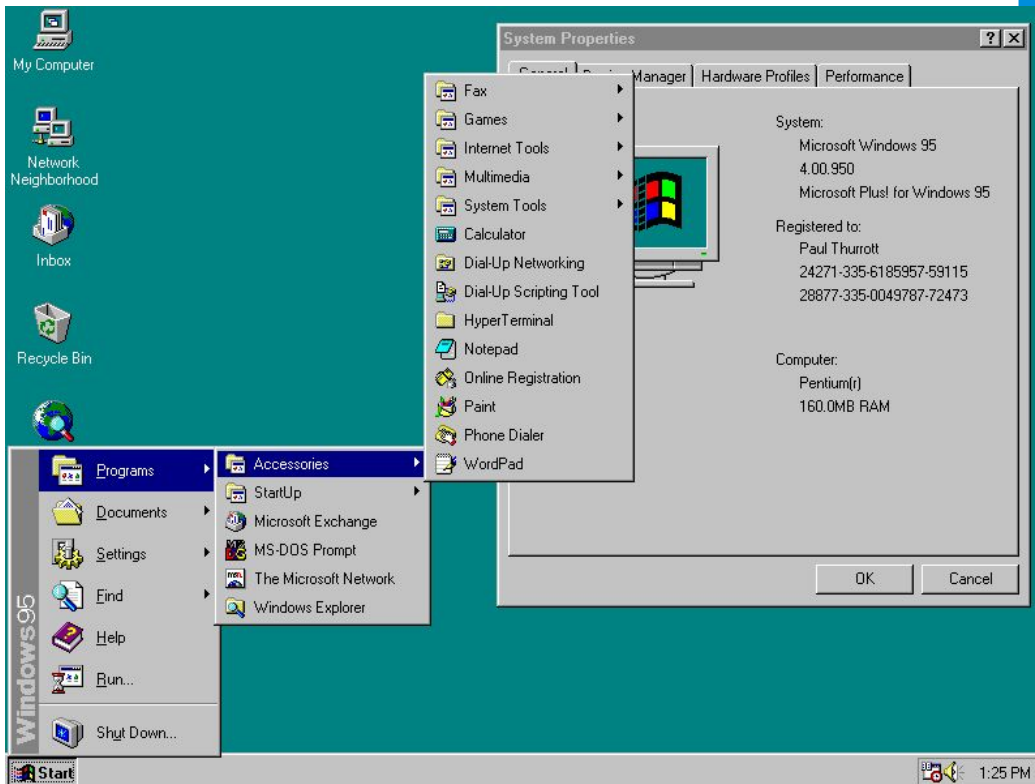

Windows 3.x

- Operated with 8086 microprocessor
- Virtual memory
- Operated with 6-7 MB of free space of hard drive
- Better multitasking

Windows 95

- A complete operating system
- Improved windows control and appearance
- Right button menu
- Taskbar and start menu

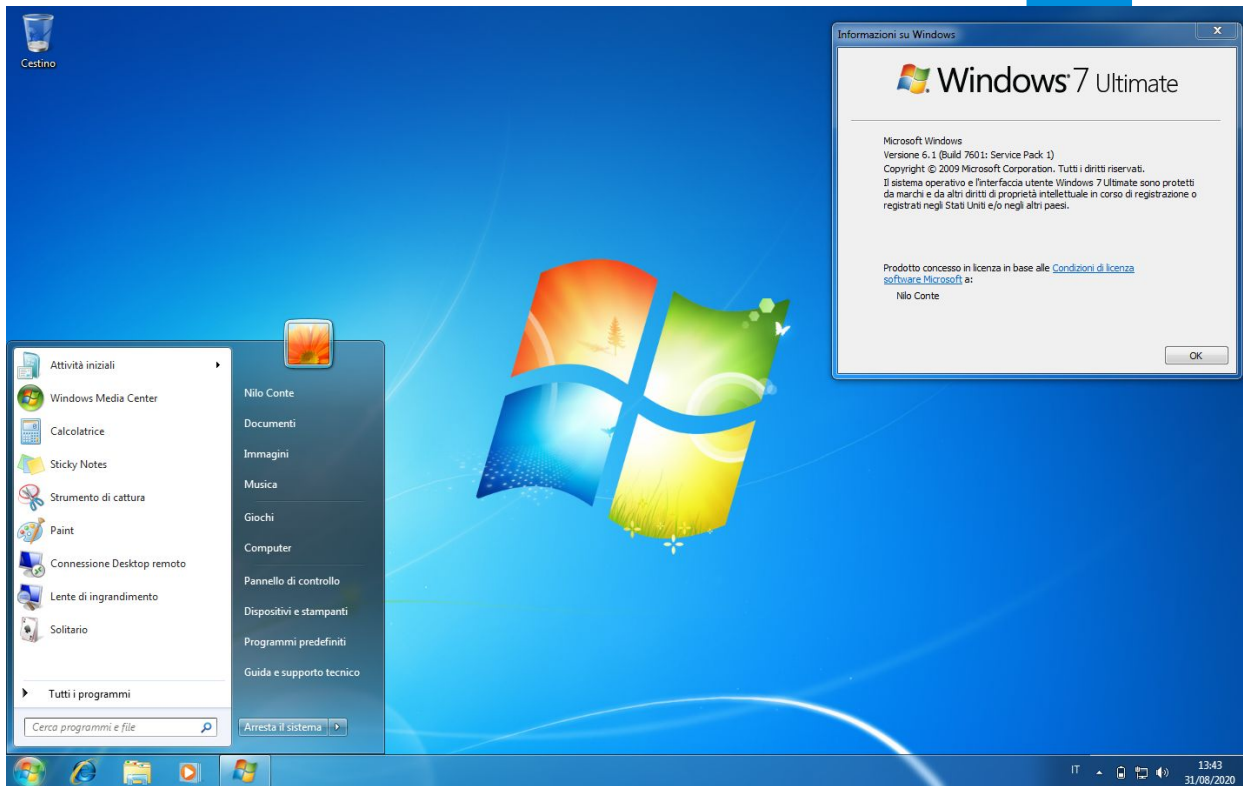

Windows XP

- Advanced portable PC support
- Automatic wireless connection support
- Fast start-up
- Help and support center
- Better graphical user interface

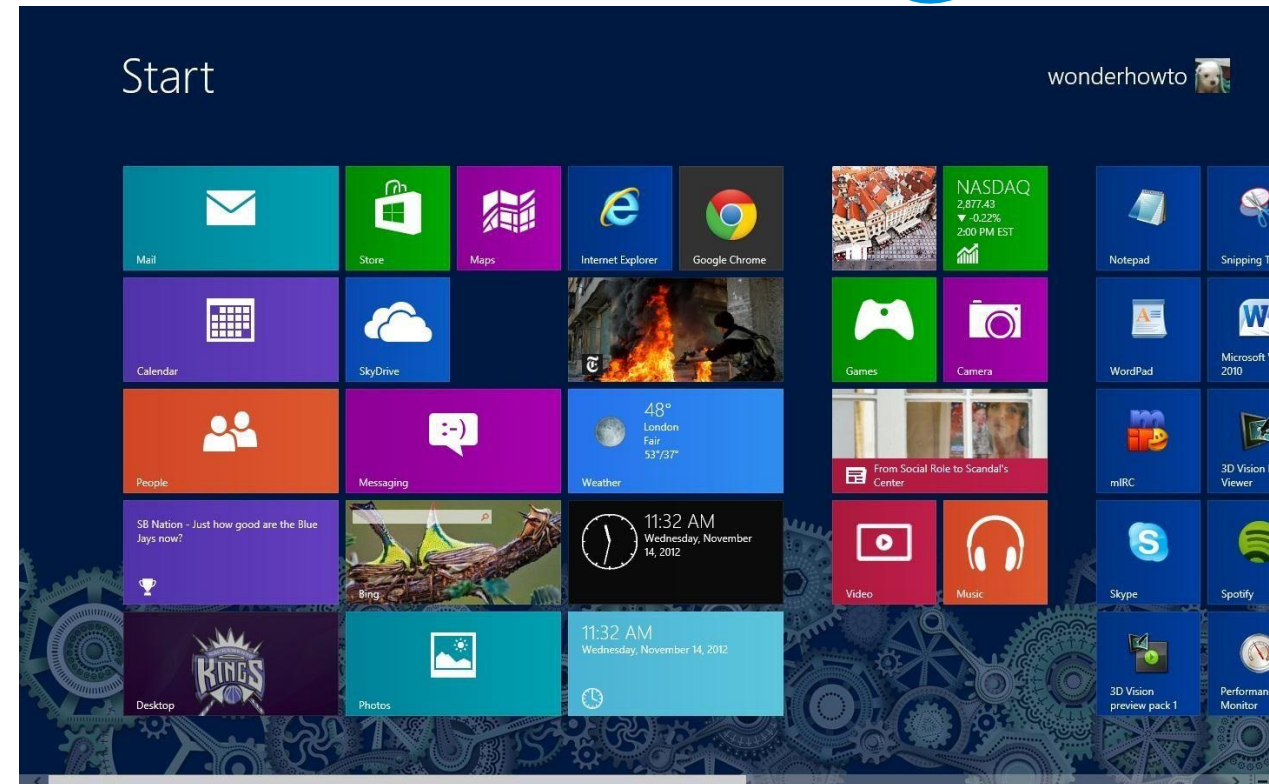

Windows 7

- Introduced a large number of new features
- Incremental upgrade to the Windows line
- Windows 7 has multi-touch support
- redesigned Windows shell with an updated taskbar
- a home networking system called Home Group, and performance improvements.

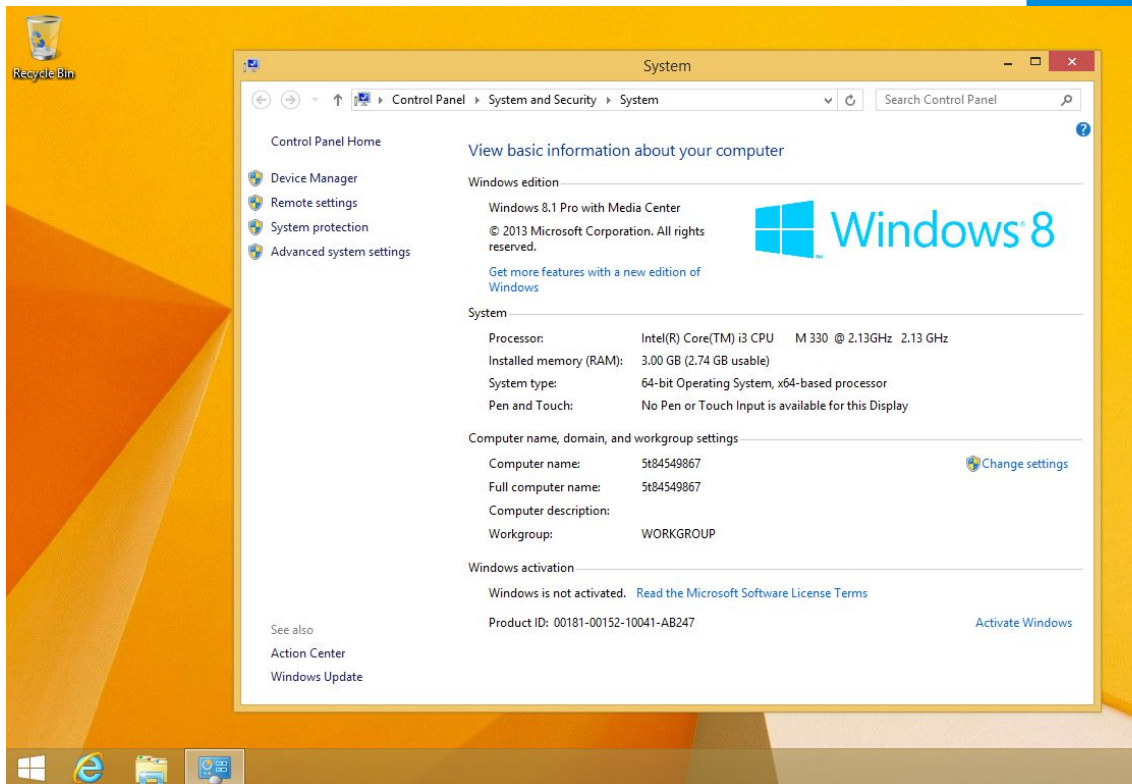

Windows 8

- Optimizations for touch-based
- Devices such as tablets and all-in-one pcs
- Increased integration with cloud services
- Other online platforms (such as social networks and microsoft's own onedrive (formerly skydrive) and xbox live services)
- The Windows Store service for software distribution

Windows 8.1

- Fixed windows 8
- Added Start Button
- People Loved it

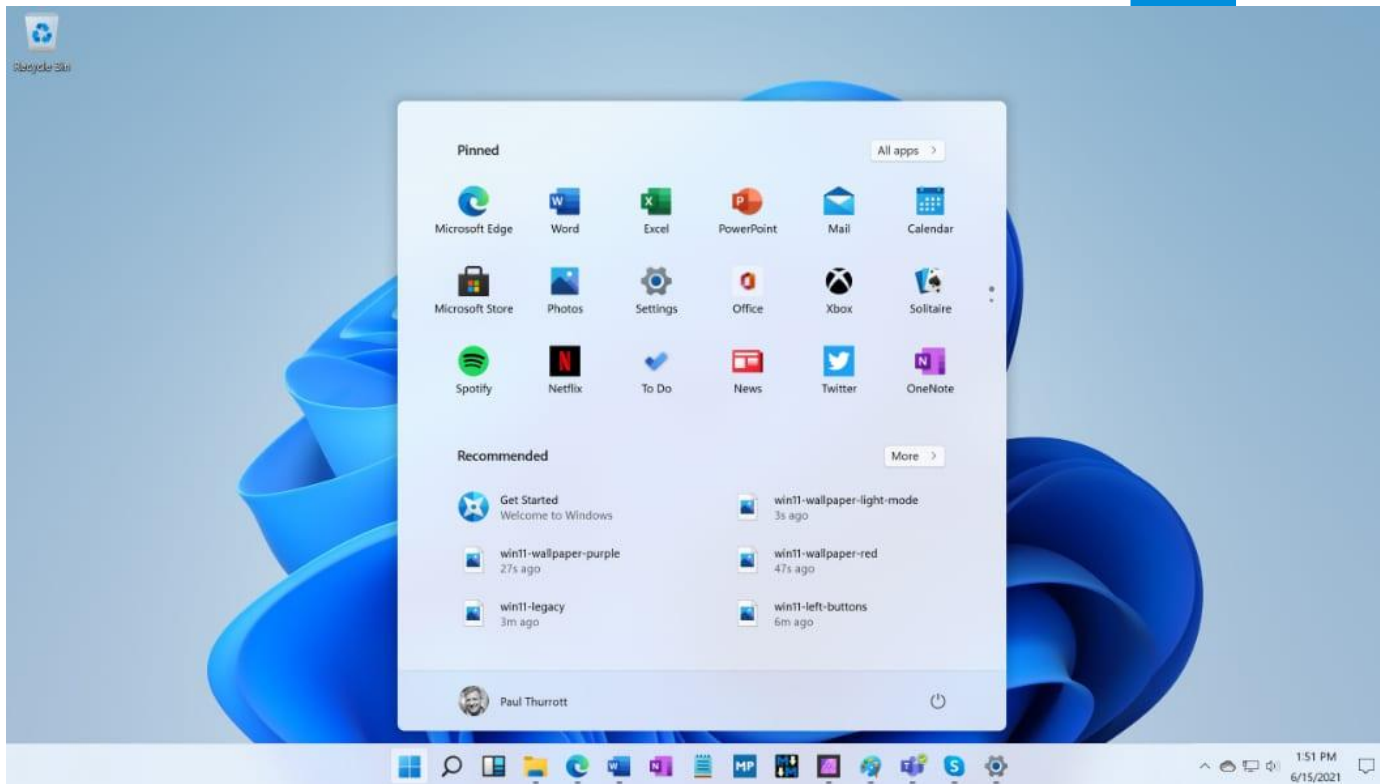

Windows 10

- Addresses shortcomings in the user interface first introduced with windows 8
- The return of the start menu
- A virtual desktop system
- The ability to run windows store apps within windows on the desktop rather than in full-screen mode
- Includes new icons and right-click context menus, default printer management, four times as many tiles allowed in the start menu, find My Device, and Edge updates.

Windows 11

- Redesigned Start Menu
- Taskbar and System Tray enhancements
- Snap Layouts and Snap Groups for improved window management
- New Window Management Features
- Microsoft Store Redesign
- Gaming Enhancements
- Enhanced Touch, Pen, and Voice Input
- Widgets
- Enhanced Performance and Efficiency

Excellent!!	 Windows 7				
Great!	 Microsoft Windows xp	 Windows 10			
Good	 3.1	 Windows 95	 Microsoft Windows 98	 Windows 2000 Professional	 Windows Me
Average	 1.0	 2.0	 Windows 11	 Windows 8.1	
Bad	 Windows Vista	 Windows 8			
THE ABSOLUTE WORST.					
Never tried it					

THANK YOU!
